To Whom It May Concern:

It is with pleasure that I recommend Janice. As has a unique creativity that really set her apart from other designers I had worked with. Her ability to work with different elements and attention to how they should fit or work together was very mature for her level of experience.

She is organized, agreeable and quick to ask for clarification where needed.

Janice's role was typically a fast-paced and it was clear she had a strong personal desire to expand her abilities by challenging herself with new projects.

In summary, I highly recommend Janice for admission into Ai Miami Intn'l Univ of Art and Design, as I feel she would excel alongside her classmates for all of the above reasons.

If you have any questions, please do not hesitate to contact me.
