Dear Ms. Gutierrez,

It is with great pleasure that I prepare this letter of recommendation in support of Janice Powell's application for graduate studies.

I have personally known Janice for over six years and during that time have had the pleasure of having Janice in three of my classes. In each instance she has demonstrated determined commitment to her studies that has set the example for other students to follow. All of Janice's class work was submitted on time, addressing all relevant points without exception. During class Janice would always be at the front of topical discussions contributing significantly to a deeper understanding of the material for all participants.

I am sure that Janice will demonstrate the same level of commitment to her graduate studies and will persist to attain her degree. If you have any questions please feel free to contact me.

Sincerely,
